WARRANTY TERMS FOR ALL DISPLAYS

WHAT THIS WARRANTY COVERS /

This warranty covers any defects, failures, or malfunctions of any Cirrus LED display system hardware. All inspections of warranted components will be conducted within 72 hours and results will be presented immediately thereafter and applicable charges will be sustained or reimbursed at that time.

COVERAGE PERIOD /

This warranty lasts for five calendar years following the purchase of any Cirrus LED display system. Coverage terminates if an end user sells, transfers, opens, or tampers with any display system or its internal components.

WHAT’S COVERED /

Cirrus will replace any defective or malfunctioning part at no charge and pay for shipping. All defective parts must be returned to Cirrus Systems for servicing upon failure. Replacement components will be dispatched once a credit card has been pre-charged for the part. Once it is confirmed that the issue was caused by a warranty covered event, Cirrus will refund the entire credit card transaction.

WHAT’S NOT COVERED /

This warranty does not cover any problem that is caused by abuse, misuse, improper installation, or an act of God. Also, consequential and incidental damages are not recoverable under this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Cirrus will not be responsible for any labor charges incurred during assembly, disassembly, or any other services related to the part replacement.
